**ECMINT 1**

**Monday 15th December**
- 14:00 Welcome
- 14:15 Informed Consent
- 15:00 Control of cerebral blood flow perfusion
- 15:45 Refreshments
- 16:00 Intrinsic and extrinsic clotting cascades, anti coagulation
- 16:45 Imaging of CNS tumours suitable for embolisation
- 17:30 Embolic agents

**Evening meal - St Anne’s college**

**Tuesday 16th December**
- 08:30 Embryology
- 09:15 Transarterial embolisation techniques
- 10:00 Pathophysiology of CVST
- 10:45 Refreshments
- 11:00 Tutorial 1
- 12:00 Tutorial 2
- 13:00 Lunch
- 13:45 Treatment of cerebral venous sinus thrombosis
- 14:30 Classification and natural history of DAVFs
- 15:15 Refreshments
- 15:30 Tutorial 3
- 16:30 Cranial tumour embolisation
- 17:15 Quiz

**Wednesday 17th December**
- 08:30 The neurological examination
- 09:00 Brain arterial and venous supply (overview)
- 09:45 DAVFs – transvenous embolisation
- 10:30 Refreshments
- 11:00 Tutorial 4
- 12:00 Tutorial 5
- 13:00 Lunch
- 13:45 DAVFs – transarterial embolisation
- 14:30 Radiotherapy for tumours and DAVFs
- 15:15 Refreshments
- 15:30 Tutorial 6
- 16:30 Tutorial 7

**Conference Dinner**

**Thursday 18th December**
- 08:30 Head and neck arterial and venous anatomy
- 09:00 Percutaneous tumour embolisation
- 09:45 Craniofacial tumour embolisation
- 10:30 Refreshments
- 10:45 Tutorial 8
- 11:45 Tutorial 9
- 12:45 Lunch
- 13:30 Management and prevention of complications during tumour embolisation
- 14:15 Spinal tumour embolisation
- 15:00 Visit to Oxford Anatomy School
- 17:00 Quiz

**Evening meal – St Anne’s college**

**Friday 19th December**
- 08:30 Dangerous EC-IC anastomoses and Cranial nerve supply
- 09:15 Coma and LOC
- 09:45 Use of anti-platelet drugs
- 10:30 Refreshments
- 11:00 Final quiz and results
- 12:00 Course end
